

Social Secretary Report

Sadly due to the continuing Covid situation no Allotment Supper took place again as we chose not to meet indoors. Also, having taken a poll of plot holders the Committee has also decided to run the AGM on Zoom once more as a virtual event.

However we have had 3 successful working parties with a very good turnout of volunteers repairing and replenishing the wood chippings on both paths. These have been great opportunities for plot holders to get to know each other, especially while having drinks and cake as a reward for their hard work.

We hope plot holders will be available for Streatley Open Gardens on Friday 10th June. An great opportunity to take part in a shared event including the wider community.
